Based on true african lodge style, the metal arm is characterized by the angular delivery of a vertical line and a horizontal functional support.

Ambientada al más puro estilo lodge africano, su brazo metálico se caracteriza por la angular entrega de una línea vertical a otra horizontal y por su funcional soporte.

Située dans le style lodge africain le plus pur, son bras métallique se caractérise par une distribution angulaire d'une ligne verticale à une autre horizontale et par son support fonctionnel.
